Contoured to Your Workstyle

Ultrawide, Curved Monitor

More space and seamless viewing at a comfortable distance.

37.5 inches and 3840 x 1600 pixels – nearly triple the pixels to work with compared with Full HD monitors.

Before

The closer you sit to a large monitor, the greater the distance between your eyes and the edges of the screen.

After

A gentle curve brings edges to a more comfortable distance for improved visibility, focus, and immersion.

Freely arrange multiple applications without the obtrusive bezels typical of multi-monitor setups.

Picture-by-Picture

Operate multiple PCs without switching sources.

Display data from up to three video inputs simultaneously. Easily swap layouts at the touch of a button.

Aesthetically Pleasing

A natural fit for any work environment.

White or sleek black cabinet color with matching cables. Simple cable management for a clean workspace.

USB Type-C®

Streamlined connection with a single cable.

A single cable to display video, playback audio, transmit USB signals, supply power to peripherals, and provide network access.

Connectivity and Flexibility

A wide range of connections within arm's reach.

Easily accessible USB Type-C, DisplayPort, HDMI, USB upstream and downstream ports.
